£39.00.inc vat

SATA USB Hard Drive Docking Station with HUB CardReader **£20.00.inc vat**

Make use of a spare SATA hard drive by turning it simply and easily into an external hard drive. Allows you to quickly read SATA hard drives without installing them

Supports both 2.5-inch and 3.5-inch drives / USB 2.0 connection / Easier to use than a USB enclosure

Front facing multi card reader SD / MMC / MS and 2 port USB 2.0 HUB / Quick release eject button / PC / Mac compatible

Lets you quickly read and copy data from SATA hard drives without the need for installing them. Just simply drop the drive into the dock and connect to your PC or laptop via the USB connection. You also get a 2-port hub and multi card reader built-in.

SATA USB Hard Drive Docking Station Without Card Reader **£18.00.inc vat**

Sumvision Cyclone Micro Media Player Adapter HDMI, 1080P **£29.00inc vat**

Plug in your own external hard drive or memory card and conveniently watch downloaded films, photos etc from your PC on your TV. Comes complete with remote control, and AV cable

The Cyclone Micro is a USB2.0 1080p up-scaling HDMI media player adaptor. It can enhance and upscale standard movie video quality to 1080p resolution.

With the Cyclone Micro Player Adaptor you can just plug and play with USB storage devices* and play your favourite media files directly to a TV via HDMI or composite (yellow / red / white phono) port. The player adaptor also has a card reader which supports SD/MS/MMC and SDHC cards.

Sumvision Fusion Media Player/Docking Station HDMI, 1080P **£35.00inc vat**

Plug in your own sata hard drive or memory card and conveniently watch downloaded films, photos on your TV. Comes complete with remote control, and AV cable

The Cyclone Fusion is a USB2.0 1080p up-scaling HDMI media player adaptor. It can enhance and upscale standard movie video quality to 1080p resolution.

With the Cyclone Fusion Player/Docking Station you can just slot in sata hard disk and play your favourite media files directly to a TV via HDMI or composite (yellow / red / white phono) port. The player/docking station also has a card reader which supports SD/MS/MMC and SDHC cards
